

# Tillamook County 2021-2022 Giving Guide

The Living Quilt project is a collaboration between Nestucca Valley School District, Sitka Center for Art & Ecology, Food Roots, the Nestucca Valley Disaster and Emergency Preparedness Response Units, and guest artist Jane Ingram Allen.

Nearly 100 Tillamook County students participated in the creation of the Living Quilt focused on the theme "What We Do Matters!"

The visual elements of trees, water and salmon represent the natural environment, resources and rich heritage that define our community and region.

You hold in your hands the 5th Annual Tillamook County Giving Guide, produced in partnership between Fulcrum Community Resources and the Tillamook County Pioneer. Featured on these pages are some of our many Tillamook County nonprofits and service organizations. Recognizing that many organizations do not have the budget to pay for a profile, which covers the cost of printing and mailing, at the back of the Guide there is a contact list of most of the nonprofits and organizations in the county.

This year's cover is a photo of the "Living Quilt" created by last summer's STEAM school program where Pre-K through 8th grade students explored topics such as endangered and protected species awareness, air and water quality, conservation, community engagement, and responsible stewardship through science, art and the outdoors. A partnership between artist Jane Ingram Allen, Nestucca Valley School District, Sitka Center for Art & Ecology, Food Roots, and the Nestucca Valley Disaster and Emergency Preparedness Response Units ran this program. The full story can be found at: <https://www.tillamookcountypioneer.net/sitka-center-youth-arts-program-summer-workshops-what-we-do-matters-combine-science-art-outdoors-more/>

We were especially inspired by their theme "What We Do Matters". Imagining how we might change the world for the better often seems overwhelming and impossible. And imagining that what we are doing in our homes, on our streets and in our communities with our words, deeds and money does really matter, can give us clues as to what we can do, here and now, to make a difference for ourselves, our children, our neighbors and our environment. That may include aiding one of the organizations in this Guide!

Tillamook County is blessed to have the hard working members of these groups enriching our communities in a myriad ways. Their many missions and services add a deep and rich vitality to all of our lives, weaving strands of health, wellness, equal abilities, sustainability, environmental stewardship, conservation, food security, housing, women's issues, children's well-being, animal welfare, education, and arts and culture, to create a strong and vibrant community. They collaborate and form partnerships as illustrated with the STEAM program, which fosters a culture of efficiency, cooperation and communication. They provide jobs, a trained and inclusive workforce, volunteer opportunities, internships, and training. They give us opportunities to connect, heal and play.

Our goal with this Guide is to give you information and encouragement to support with your dollars and your time, those who give so much to support us. COVID-19 with all its ramifications is still with us, still creating hardship and stress for our organizations who continue to safely provide services and cultural experiences. Your generosity is needed! Thank you to all those who have donated, discovered and volunteered in past years!

And we thank you in advance for your support in the coming year as we continue to weave a beautiful Tillamook County LIVING quilt of Giving!

We welcome your feedback, comments and suggestions. We especially want to hear from you if don't see your favorite group on a page or in the list in the back. Please send feedback to: [barbaraandchuck@nehalem.tel.net](mailto:barbaraandchuck@nehalem.tel.net).

LNCT was formed in 2002 to protect and restore natural habitats in the Lower Nehalem Watershed/Neahkahnie Mountain region of the North Oregon Coast. Skilled staff, an energetic board of directors, and dedicated volunteers provide a unique solution for accomplishing our mission. Our values guide our focus in three key areas: conservation, community, and education.

Our generous donors have helped us preserve over 300 acres in our service area. Our stewardship volunteers assist in the monitoring and restoration work of our properties. Our community garden program provides fresh organic produce for member families and to the North County Food Bank and senior meals programs.

We strive to engage our community through workshops, field trips, and various volunteer opportunities, nurturing conservation values and knowledge applicable to participants daily lives and the place they call home.

## VOLUNTEER:

LNCT needs volunteers in many aspects of our work: invasive species removal, trash cleanup, restoration planting, land monitoring, community garden program, event support, mailings, and office work.

**MISSION:**

At Oregon Food Bank, we believe that food and health are basic human rights for all. We know that hunger is not just an individual experience; it is also a community-wide symptom of barriers to employment, education, housing, and health care. That's why we work on two fronts in our mission to end hunger in Oregon: we build community power to eliminate the root causes of hunger for good.

As one of Oregon Food Bank's branch locations, Tillamook County Services distributes food to 30 hunger-relief agencies and programs throughout the county.

In addition to providing food, Oregon Food Bank Tillamook County Services offers partner agencies technical and financial support and provides SNAP (food stamp) and nutrition outreach.

### About Rinehart Clinic:

Rinehart Clinic is compassionate community care at its best. A non-profit family health center on the North Oregon Coast, the clinic provides personalized healthcare to all in our community, regardless of financial circumstances.

The clinic accepts insurance, including the Oregon Health Plan, Medicare, and most private insurance plans. A sliding fee scale is offered to all patients based on income, and as a Federally Qualified Health Center the clinic has programs available to help patients who may have difficulty paying their health care bills.

Looking to the future and the clinic's place in the community, the Rinehart Clinic Board of Directors recently announced its decision to change the name of the clinic to Nehalem Bay Health Center & Pharmacy. Over the course of the next year (2022), Rinehart Clinic will transition to the new name.

As a non-profit community health center, Rinehart Clinic depends on a variety of funding, including federal and other grants. The clinic is also grateful for the generosity of private donors who help offset the cost of providing services to those in the community who need care.

### Events & Classes:

Rinehart Clinic offers events and classes throughout the year focused on the health of the entire community and helping patients take control of their own health. For a complete list of the clinic's events and programs, visit [www.rinehartclinic.org](http://www.rinehartclinic.org).

Fall 2021

Sammy's Place began in 2006 with a modest vision to provide respite for those experiencing intellectual and/or developmental disabilities (I/DD) on the coast of Oregon. After strategic planning in 2014 Sammy's Place has steadily grown the vision, the board of directors, and supporters.

Sammy's Place today has two primary areas of focus, the **Oregon COAAST Network** [Communities of All Abilities Succeeding Together] that provides networking and education, and the **Thompson Acres LLC** project, a focus on home ownership for everyone including those who experience I/DD to live alongside their peers.

In 2019 Sammy's Place acquired 3 acres of land several blocks from the downtown area of the small village of Nehalem on the Coast of Oregon. Close by is public transportation, a recreation/community center, shops, a small market, and public river access for recreation such as kayaking and fishing. The property came with the need of a massive environmental cleanup.

Today, the cleanup is near complete with the major work conducted in partnership with the Oregon Dept. of Environmental Quality (DEQ), the Environmental Protection Agency (EPA), and many volunteer hours. Removed were an RV, three automobiles, a dilapidated house, solid waste, tires, old petroleum drums, and over 100 tons of scrap metal! Recent major funding was just recieved from the Collins Foundation for a new paid Executive Director!  
Continued on page two

We are a small local team of devoted individuals and parents with direct lived experience with the I/DD community. We seek to provide an opportunity of home ownership, shared living experiences, universal design, and employment exploration, for everyone, at Thompson Acres LLC. On this land we envision: Opportunities to learn and teach a variety of job skills; modeling diverse accessibility building solutions - universal design; neighbors living next to one another with and without disabilities; integration of the natural beauty and surroundings into the living experience; and highlighting the unique value in every person.

## *Helping fish and Oregonians*

**WHAT IS THE SALMON SUPERHWY?** The Salmon SuperHwy is an unprecedented effort to restore access to nearly 180 miles of blocked habitat throughout six major salmon and steelhead rivers of Oregon's North Coast. Using a strategic, scaled approach to maximize benefits and minimize costs, a unique, community partnership will complete 93 culvert projects in 10 years. As of October 2021, we're over half way there with more than 115 miles reconnected. Each year the Salmon SuperHwy reconnects more historic habitat, reduces chronic flooding, improves recreation opportunities and stimulates the local economy.

**HOW DOES IT WORK?** Each Salmon SuperHwy project involves repairing a section of a waterway that has become a difficult area for fish to pass in order to spawn, feed or flourish. In most cases, replacing a degrading or failing culvert is the solution. The Salmon SuperHwy partners work together amplifying funding, and project coordination for each culvert project while creating jobs to handle engineering and construction. Each project benefits fish, the watershed and local residents, but goes far beyond by keeping roads open and flooding at bay which benefits road safety, local industry, tourism and the local economy.

**WHY GIVE?** Your donation will support work that directly improves:

- **Restored habitat** for native fish
- **Safe passage on numerous coastal roads** and important P-1 Safety Routes
- **Economic stability** via the creation of local construction and engineering jobs
- **Resilient roadways** for local industries like dairy, timber and fishing
- **Long-term recreation and tourism benefits** through consistent road access

## 2021 HIGHLIGHT

Sitka partnered with Nestucca Valley Grade School to host a free six-week science and art summer day camp serving over 100 K-8 kids. Activities explored the theme, "What We Do Matters." Kids toured Otis wildfire burn sites and collected charcoal to draw forest landscapes, made blankets and dog toys for local shelters, installed a "living quilt" in the school's new garden and more.

**Your gift to Sitka Center will help us expand our youth program into more schools and districts in Tillamook County.**

**MISSION:** The Smiley Brothers & Sisters Salmon Harvest fulfills the ancient promise of the salmon – to feed the people. Food-grade quality coho salmon are taken from the Nehalem Fish Hatchery to be processed and canned, then donated to the local food bank. This is a collaboration with the Oregon Department of Fish and Wildlife, 10+ volunteers, FishPeople/Garibaldi Landing, Bell Buoy of Seaside, the North County Food Bank and Oregon Food Bank Tillamook Services.

This is a truly community-based project – our fish, feeding our people, supporting jobs at the cannery, community service for the High School, and high-quality Omega-3 proteins with a long, stable shelf life available to our most vulnerable populations.

The 2020 bounty delivered over 6,000 cans of salmon to every food pantry program in Tillamook County, including school backpack programs, the Free Little Pantries and more. In addition to the cans of salmon, fresh salmon fillets are provided to local assisted living communities and to senior meal programs. Since 2009, over 6,000 food-grade quality salmon canned, and over 16,000 cans of salmon distributed by our local food banks. Neah-Kah-Nie High School art students designed this year's label.

Annelise, one of the artists, helping stock shelves at a local food bank.

**DONATE:** More salmon, means more cans ... Our partners provide these services at/or below their costs, so your donations are extremely important every year to ensure that we can process all the salmon available. Smiley Brothers is proud to be a Fulcrum Community Resources program, making donations tax-deductible. It simply cannot be done without your donations to offset costs and provide this ready-to-eat, highly nutritious food for the hungry in our community.

Our mission is to alleviate companion animal suffering in Tillamook County. The root cause of this suffering stems from overpopulation.

United Paws is excited to announce we are nearing the opening of our HIGH VOLUME SPAY/NEUTER CLINIC in our newly renovated building on Main Street in Tillamook. This facility will significantly grow the number of spay/neuter surgeries we can achieve and create a powerful impact on the overpopulation problem in our county.

We NEED YOUR HELP to bring this huge project to completion. Donations are sharply down this year due to COVID-19. Your gift is vital to us. Please give as generously as you can so that we may continue our work saving animals and attacking overpopulation.

## FOUNDATION

40 Years  
of Impact

The TBCC Foundation works with our community to ensure students have access to scholarships and the support they need to receive an education through Tillamook Bay Community College. By investing in the TBCC Foundation, you are investing in student success. You are investing in our future workforce, in entrepreneurs, and in the prosperity of our community.

### MAKE A GIFT

You can make a charitable gift of any size to the TBCC Foundation to support our mission, an academic program, or student scholarship.

### FUND A SCHOLARSHIP

Annual scholarships are a critical part of providing students with access and opportunity. For a minimum annual contribution of \$1,000 you can start a scholarship.

### CREATE AN ENDOWMENT

Leave a lasting legacy by establishing an endowed scholarship. An endowment can be started for \$25,000 and will provide funds for scholarships into perpetuity.

### PLAN FOR THE FUTURE

Leave a gift to the TBCC Foundation through your estate plan. You can establish an endowed scholarship in memory or honor of someone important to you that supports a special interest or academic field.

# FOR A BETTER US

**We can't be us without you, which is why the Tillamook YMCA is committed to staying relevant. In times of crisis, we step up and lend a hand where it is needed most in our community.**

**In 2021, with community support from partner agencies and donors like you, Tillamook YMCA staff :**

- Continued the Community Care Hotline to support local individuals and families impacted by COVID-19 by connecting them with essential resources, such as food pantry boxes, groceries, rental assistance, and prescriptions
- Operated emergency child care and virtual learning classrooms; expanded our afterschool program
- Provided overnight accommodations for wildland firefighters working the Cedar Butte Fire
- Supported local vaccination efforts with supplies and transportation opportunities
- Provided youth wellness activities to over 400 participants through sports and aquatic programming
- Developed a robust "Virtual Y" with a library of Group Exercise class recordings and livestream options
- Facilitated the Back Pack program and supplied local youth with over \$10,000 in back to school supplies through partnership with Tillamook County Creamery Association and local donors

**When you give to the Y, you give back to the community you call home. Your charitable donation supports senior and adult programs, youth development, volunteerism, community wellness, and healthy living opportunities throughout Tillamook County.**

**Thank you, Tillamook County, for being you so we can be us.**
