FULCRUM

COMMUNITY RESOURCES

2022 is the 6th year for the annual Tillamook County Giving Guide, produced in partnership between Fulcrum Community Resources and the Tillamook County Pioneer. Our goal with this Guide is to give you information and encouragement to support with your dollars and your time, those who give so much to support us. These organizations provide vital services, resources and support to our community. Your generosity is needed! Thank you to all those who have donated, discovered and volunteered in past years!

Thank you to local photographer Johanna Froese for our featured cover photo this year. We sent a request through a local photographers group to share photos that evoked "community connection" and that shows our connection to each other, to this place, to nature. We received dozens of photos and there were many wonderful options with views of mountains, beaches, wildlife, people and more. This photo provides a unique sunset view of Tillamook Bay bathed in a golden light and the sunrays provide an awe-inspiring touch which defines the roles of our many local nonprofits. They provide awe-inspiring services and resources that make a difference in so many lives, lighting up our lives and touching all of us in unique and diverse ways.

By making your year-end giving donations locally, you are helping to foster these community connections through these organizations. They impact our health and wellness, sustainability, environmental stewardship, conservation, food security, housing, universal access, women's issues, children's well-being, animal welfare, education, and arts and culture, to create a strong and vibrant community. They collaborate and form partnerships which builds a culture of efficiency, cooperation and communication. They provide jobs, a trained and inclusive workforce, volunteer opportunities, internships, and training. They give us opportunities to connect, heal and play. And they need our support!

Featured on these pages are some of our many Tillamook County nonprofits and service organizations. Recognizing that many organizations do not have the budget to pay for a profile, which covers the cost of printing and mailing, at the back of the Guide there is a contact list of most of the nonprofits and organizations in the county. This free listing is available to any Tillamook County nonprofit or service organization.

We welcome your feedback, comments and suggestions by sending an email to: barbaraandchuck@nehalem.tel.net. We especially want to hear from you if don't see your favorite group on a page or in the list in the back. Please send contact info for that organization to the above email address.

Who is Columbia Pacific CCO?

And how are we working to improve the lives of all Northwest Oregon residents?

Who we are

Columbia Pacific CCO is a coordinated care organization (CCO). Oregon's nonprofit CCOs provide health care coverage, but that's not all. We also support programs that create healthy communities by increasing access to fresh food and safe, affordable housing, promoting early literacy and trauma-informed care, and much more.

Who we serve: Every day, Columbia Pacific CCO helps more than 34,000 residents of Tillamook, Clatsop and Columbia counties access physical, dental and mental health care and prescription drug coverage through the Oregon Health Plan (OHP), Oregon's Medicaid program.

What we offer: Through our growing network of providers, we offer care and substance use treatment. We also offer these important services:

- Interpretation
- Transportation options
- Care coordination

How we listen

The counties we serve have unique cultures and needs. That's why we rely on our Community Advisory Councils (CACs) to give us feedback on local health issues, such as health equity and social needs that impact health. Our CACs also suggest ways to improve our programs, review grant applications and more. Interested in joining one of our CACs?

Learn more: colpachealth.org/for-partners/community-advisory-council

You should also know: We strive to promote the health of everyone in our region. Between 2020 and 2021, we committed nearly \$5.3 million to local organizations working to improve the health, well-being and resiliency of our communities.

Mission Statement: North Coast Communities for Watershed Protection (NCCWP) is a grass-roots association of citizens from Rockaway Beach and surrounding communities. The group began in 2012 with the actions of one Rockaway citizen concerned about clear cutting for forestland and aerial spraying in the Jetty Creek Watershed - the sole source of her community's drinking water. The group now partners with neighboring communities facing air- and water-quality issues and with statewide organizations advocating for forest practices that will ensure clean air and water for all living beings.

Our goals are to educate citizens about the connection between forest practices and the quality of their air and water, to advocate for forest practices that will ensure clean air and water, to support communities working to protect their watershed, no more clearcutting and pesticide spraying in our drinking water sources, regardless of land ownership, as our watershed is rightfully part of the public trust.

Sign up to volunteer or simply come to our events or meetings! We are completely grassroots meaning we are just members of the community who individually decide to come together around this cause. Attend our meetings and education opportunities, help us with our petition and awareness campaign efforts, join our rallies and other events, help coordinate volunteers, help with social media, help with our citizen science efforts (including water turbidity testing), and campaign organizing.

NEHALEM BAY

HEALTH CENTER & PHARMACY

COMPASSIONATE COMMUNITY CARE

(Formerly known as Rinehart Clinic & Pharmacy) Wheeler, Oregon

Mission Statement:

Delivering compassionate team-based health care and wellness education to improve the lives of ALL in our community.

About Nehalem Bay Health Center & Pharmacy:

Nehalem Bay Health Center & Pharmacy (formerly known as the Rinehart Clinic) is a non-profit Community Health Center on the North Oregon Coast that provides quality health care services to the entire community, regardless of a person's financial circumstances.

Nehalem Bay Health Center & Pharmacy is recognized by the Oregon Health Authority for its commitment to patient-centered care. Services include primary care for the whole family, naturopathic medicine, acupuncture, mental health counseling, well-child exams, women's health, immunizations, on-site lab services, addiction counseling, 24-hour on-call availability, patient transportation, and health insurance assistance. Several team members are bilingual (English/Spanish), and professional interpreter services are available for anyone who needs language assistance. The care team also offers wellness classes and activities that are free and open to the community. In addition, Nehalem Bay Health Center & Pharmacy operates the Neah-Kah-Nie (NKN) Student Health & Wellness Center, a school-based health center located at Neah-Kah-Nie High School that serves the students and staff of the NKN School District.

Nehalem Bay Health Center & Pharmacy accepts insurance, including the Oregon Health Plan, Medicare, and most private insurance plans. A sliding fee scale is available to all patients based on income, and as a Federally Qualified Health Center, there are programs available to help patients who may have difficulty paying their health care bills.

There is also an on-site pharmacy for the convenience of patients and the community. It is open to everyone (not just patients) and is the only retail pharmacy between Seaside and Tillamook.

The Board of Directors made the decision last year to change the name of the facility from Rinehart Clinic to Nehalem Bay Health Center & Pharmacy. Looking further into the future and the health center's place in the community, the organization's leadership has been in discussions with the Nehalem Bay Health District to plan an eventual new and expanded facility on property owned by the district in Wheeler.

As a non-profit Community Health Center, Nehalem Bay Health Center & Pharmacy depends on a variety of funding, including federal and other grants. The center is also grateful for the generosity of private donors who help offset the cost of providing services to those in our community who need care.

MISSION:

At Oregon Food Bank, we believe that food and health are basic human rights for all. We know that hunger is not just an individual experience; it is also a community-wide symptom of barriers to employment, education, housing, and health care. That's why we work on two fronts in our mission to end hunger in Oregon: we build community power to eliminate the root causes of hunger for good.

As one of Oregon Food Bank's branch locations, Tillamook County Services distributes food to 30 hunger-relief agencies and programs throughout the county.

In addition to providing food, Oregon Food Bank Tillamook County Services offers partner agencies technical and financial support and provides SNAP (food stamp) and nutrition outreach.

PATHWAY TO THE FUTURE, GATEWAY TO THE PAST

DEPOT UPGRADE PLANS

EDUCATION IS THE GOAL

Expand and upgrade the current depot to offer educational opportunities.

ADD TO THE LOCAL AESTHETIC

Adding a water tower, preserving the telegraph office, and upgrading the depot will create a welcoming and beautiful addition to the town.

JOB CREATION

A depot will create at least five new jobs. Including a manager position and four entry level positions.

PRESERVE LOCAL HISTORY

The telegraph office will be restored to working condition for generations to enjoy.

INCREASE SAFETY AND ACCESSIBILITY

Currently, riders must cross ballast and tracks. With a depot, riders will have a concrete platform and wheelchair lifts.

Fall 2022

Sammy's Place began in 2006 with a modest vision to provide respite for those experiencing intellectual and/or developmental disabilities (I/DD) on the coast of Oregon. After recent strategic planning, the organization has realized the extensive lack of resources for individuals and families experiencing I/DD, on the coast. All of our work is based on the vision of creating a welcoming coastal region where *everybody*

has what they need to thrive. To achieve this, we are committed to modeling the concept of *Universal Access throughout our projects: Access so any individual may participate and enjoy an environment, product, or service independently, and ultimately enjoy a good life of our own choice.*

Sammy's Place, as the organization, has two primary areas of focus, the **Oregon COAST Network** [Communities of All Abilities Succeeding Together] that provides networking and community education, and the **Thompson Acres LLC** project, a focus on home ownership for everyone including those who experience I/DD to live alongside their peers.

In 2019 Sammy's Place acquired 3 acres of land several blocks from the downtown area of the small village of Nehalem on the Coast of Oregon. Close by is public transportation, a recreation/community center, shops, a small market, and public river access for recreation such as kayaking and fishing.

Today, the cleanup is complete with the major work conducted in partnership with the Oregon Dept. of Environmental Quality (DEQ), the Environmental Protection Agency (EPA), funding from Business Oregon, and many volunteer hours.

Continued on page two

We are a small local team of devoted individuals and parents with direct lived experience with the I/DD community. We seek to provide an opportunity of home ownership, shared living experiences, universal design, and employment exploration, for everyone, at Thompson Acres LLC.

Our community work- whether it is education, support, recreation, or employment - is about connecting people to what makes them thrive as a unique individual using strength based and person-centered ideas. We believe everyone has goals and dreams they can achieve if they have access to the opportunities. The organizational trajectory is to create new opportunities within the coastal region to support fulfilling these dreams.

MISSION: The Smiley Brothers & Sisters Salmon Harvest fulfills the ancient promise of the salmon – to feed the people. Food-grade quality coho salmon are taken from the Nehalem Fish Hatchery to be processed and canned, then donated to the local food bank. This is a collaboration with the Oregon Department of Fish and Wildlife, 10+ volunteers, FishPeople/Garibaldi Landing, Bell Buoy of Seaside, the North County Food Bank and Oregon Food Bank Tillamook Services.

Neah-Kah-Nie High School students also assist with the program -- from designing the can label to labeling the cans - another important partner with the Smiley Salmon Harvest.

This is a truly community-based project – our fish, feeding our people, supporting jobs at the cannery, community service for the High School, and high-quality Omega-3 proteins with a long, stable shelf life available to our most vulnerable populations.

ANOTHER RECORD-BREAKING SEASON! In 2021, Smiley Brothers & Sisters Salmon Harvest brought 2,200 salmon to be processed and canned. That's over 9,000 cans of high quality protein to every food program in Tillamook County. And we are doing it again. The Smileys also provide salmon meals for our Senior Meals programs. Since 2009, over 8,000 salmon have been provided to our most vulnerable populations. Since 2009, over 6,000 food-grade quality salmon canned, and over 16,000 cans of salmon distributed by our local food banks. Neah-Kah-Nie High School art students designed this year's label.

DONATE: More salmon, means more cans ... Our partners provide these services at/or below their costs, so your donations are extremely important every year to ensure that we can process all the salmon available. Smiley Brothers is proud to be a Fulcrum Community Resources program, making donations tax-deductible. It simply cannot be done without your donations to offset costs and provide this ready-to-eat, highly nutritious food for the hungry in our community.

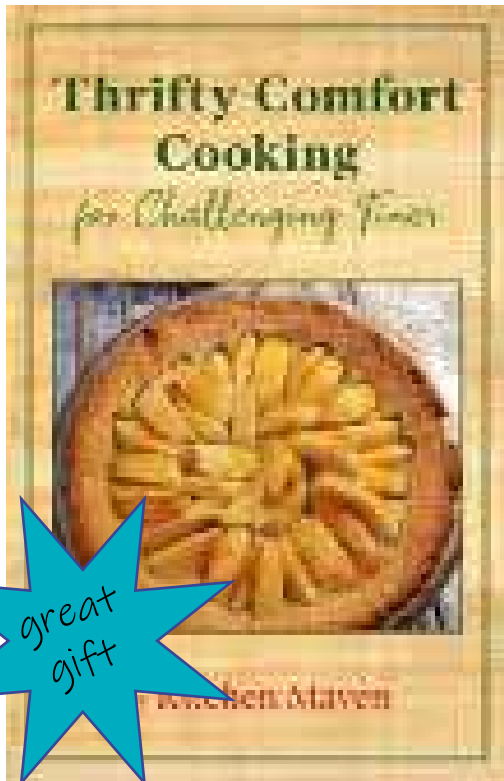

VOLUNTEER: Volunteers are "on-call" during the height of the Coho Salmon run (from late September through October) to transport fish; can labeling.

Thrifty Cooking for Challenging Times Kitchen Maven Cookbook

All (100%) author royalties for retail and online sales of the Kitchen Maven cookbook will go directly from the publisher, Gatekeeper Press, to the Oregon Food Bank.

**You can find the book here:
<https://kitchenmaven.org>**

When the 2020 pandemic brought upheaval to everyone on the planet, Oregon grandmother, home chef, food writer, and Kitchen Maven Judi Berman-Yamada set to work writing her cookbook to benefit the Oregon Food Bank and her neighbors experiencing food insecurity. While creating her cookbook, Yamada began eating better (she lost forty pounds), moving more and improved her own health.

"This ongoing food shortage has become more crucial than ever as local hunger relief programs observed a 40% rise in food insecurity and the need for assistance during the pandemic, Access to nourishing food is difficult for countless people in rural, inner city and low-income communities. To maintain services for those affected by food insecurity, local Food Banks and other food relief agencies need continued aid. Whether we make donations, volunteer time, grow and distribute food, or even contribute a cookbook, we can all help." - Judi Berman-Yamada

Blueberry Bars

9-inch square baking pan, ungreased
½ cup unsalted butter, cut in about 16 small chunks
1 ¼ cups whole wheat pastry flour, measured by spooning method
½ cup granulated sugar
1-2 teaspoons finely grated lemon zest, yellow only
1 teaspoon corn starch, NOT corn flour
½ teaspoon salt *
¼ teaspoon baking powder
¼ teaspoon ground cardamom
1-3 teaspoons ice cold water
1 cup fresh washed blueberries, thoroughly dried
Preheat oven to 375 degrees F.
Freeze butter chunks for 15 minutes.
Combine all dry ingredients, including lemon zest; whisk well.

When limiting sugar in a recipe, I find that fruity desserts and treats are most forgiving and delicious. This one, which I adapted, both simplifies the process and increases the fiber. And they are really good. Fresh blueberries are readily available in supermarkets year-round and they're packed with nutrition. Try these tasty bars as part of a brunch, teatime treat, in lunch boxes or as part of your holiday presentation. They take just minutes to prepare and are probably one of the quickest easiest cookies I've ever baked. Enjoy!

Cut the frozen butter chunks into the dry ingredients until granules look like coarse sand with some small pea sized bits throughout. When butter is well incorporated, drizzle in the ice water. Mix well. Mixture should be just moist enough to hold together when squeezed between the fingers. Alternatively, put whisked dry ingredients into food processor along with frozen butter chunks and pulse until mixture is as described above. Then drizzle in the water while pulsing the processor. Turn the mixture out to a bowl and stir together thoroughly. Evenly press ¾ of the mixture into the ungreased 9-inch square pan. Scatter berries in one even layer over the pastry base. Top the berries with remaining pastry mixture. Bake on middle rack of preheated 375-degree F oven 30-35 minutes or until pastry is golden. Cool completely (at least 1 hour) before cutting into 12 blueberry bars.

*If using salted butter, decrease salt to ¼ teaspoon.

Committed to Our Community

LIMITED INCOME HOME IMPROVEMENT PROGRAM

A home that is functional, healthy, and safe is of the utmost importance. Tillamook PUD recognizes this, and that is why we partner with the Community Action Team and CARE, Inc. to help fund the Limited Income Home Improvement Program.

This program provides local families and individuals that have financial constraints with assistance to complete necessary improvement projects at their residence. Projects range from installing ductless heat pumps and replacing windows or insulation, to making safety improvements such as building an accessibility ramp.

COMMUNITY SUPPORT GRANT PROGRAM

So much of what makes Tillamook County an outstanding place to be are the projects and programs organized by not-for-profit groups and dedicated citizens in our community.

Tillamook PUD is pleased to support a variety of community projects through the Tillamook PUD Community Support Grant Program. Grant applications and information are typically available by mid-December each year, applications are due mid-February of the following year.

For more information about these and other programs at Tillamook PUD, visit www.tpod.org or contact us at 503-842-2535.

Spay • Neuter • Adopt of Tillamook

Our mission is to alleviate the suffering of companion animals in Tillamook County. The root cause of much of this suffering stems from overpopulation.

United Paws is excited to announce we have opened our own spay/neuter clinic. This is a big investment for us, but we know it is the only way to have a bigger impact on overpopulation. With your generous help, United Paws will ramp up its attack on the overpopulation problem by spaying and neutering hundreds of animals in its new clinic this coming year. Your contributions make a direct impact saving the lives of companion animals throughout our County. Thank you for giving!

Our rescue/foster/adopt program saves hundreds of lives each year through the dedicated work of our volunteer fosters, but there are still far too many who perish from hunger and exposure because they have no home. The only answer to this sad situation is spaying and neutering more animals, preventing these unwanted births before tragedy can occur.

TILLAMOOK BAY

— COMMUNITY COLLEGE —

FOUNDATION

The TBCC Foundation works with our community to ensure students have access to scholarships and the support they need to receive an education through Tillamook Bay Community College. By investing in the TBCC Foundation, you are investing in student success. You are investing in our future workforce, in entrepreneurs, and in the prosperity of our community.

MAKE A GIFT

You can make a charitable gift of any size to the TBCC Foundation to support our mission, an academic program, or student scholarship.

FUND A SCHOLARSHIP

Annual scholarships are a critical part of providing students with access and opportunity. For a minimum annual contribution of \$1,000 you can start a scholarship.

CREATE AN ENDOWMENT

Leave a lasting legacy by establishing an endowed scholarship. An endowment can be started for \$25,000 and will provide funds for scholarships into perpetuity.

PLAN FOR THE FUTURE

Leave a gift to the TBCC Foundation through your estate plan. You can establish an endowed scholarship in memory or honor of someone important to you that supports a special interest or academic field.
